

BIOGRAPHIE

Since 2012, KCR distills a **festive and powerful Rock 'N' Roll**, perfumed with Britain malt and Irish peat. With a bagpipe and others binious, the five fellows burn all the plates from Cafés concert, gig venues and festivals all over France in a **supercharged and good felling based atmosphere !**

With songs which have conquered East but also West, KCR gives stone-made guitar riffs, crushing lyrics, tunes that people sing till the dawn appears. . . and **on stage, all turn at one point** : a sensitive and tenacious team spirit.

After first LP "Biniouz Trip" in 2018, **the band's coming back with a new record**, ten new songs are ready to clatter even under your kilt ! Deeper tracks, a solid identity, but still this boiling adrenaline...
